FOR THE  
CONSTRUCTION INDUSTRY

As Approved on March 5, 1934

ORDER

APPROVING AMENDMENT TO CODE OF FAIR COMPETITION FOR THE  
CONSTRUCTION INDUSTRY

An application having been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act, approved June 16, 1933, for approval of an amendment to Section 9 of Article II of Chapter I of the Code of Fair Competition for the Construction Industry, to include in said Section 9, as a sponsor of the Code the name of the "National Electrical Contractors Association", and the annexed report on said amendment containing findings with respect thereto, having been made and directed to the President:

NOW, THEREFORE, on behalf of the President of the United States, I, Hugh S. Johnson, Administrator for Industrial Recovery, pursuant to authority vested in me by Executive Orders of the President, including Executive Order No. 6543-A, dated December 30, 1933, and otherwise; do hereby incorporate, by reference, said annexed report and do find that said amendment and the Code as constituted after being amended comply in all respects with the pertinent provisions and will promote the policy and purposes of said Title of said Act, and do hereby order that said amendment be and it is hereby approved, and that the previous approval of said Code is hereby modified to include an approval of said Code in its entirety as amended.

HUGH S. JOHNSON,  
*Administrator for Industrial Recovery.*

Approval recommended.

GEO. L. BERRY,  
*Division Administrator.*

WASHINGTON, D.C.,

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, for an amendment to the Code of Fair Competition for the Construction Industry.

Section 9 of Article II of Chapter I of the Construction Code purports to enumerate the complete list of national associations which had complied with the provisions of that section prior to the submission of the Code to the President for his approval, and qualified as sponsors of the Code. Actually the list is defective since the National Electrical Contractors Association had qualified, prior to the submission of the Code to the President for his approval, as a sponsor thereof. The purpose of this amendment is to correct this error in order that the National Electrical Contractors Association can designate a representative to the Construction Code Authority immediately, in order that the Construction Code Authority may be organized and its members approved by you in the next few days.

This action is taken with the assent of all of the sponsoring associations of the Construction Code and their formal assent will be obtained as soon as possible. There is therefore no objection which will be registered against the proposed amendment and it is in my opinion in order for you to give your approval thereto.

### FINDINGS

The Division Administrator in his final report to me on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of the industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) That the aforesaid amendment is necessary to correct an error in the Code as submitted to the President for his approval.

(d) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, therefore, I have approved this Amendment.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*
